CONSIDERING 9 ROAD PETITIONS

Commissioners Take up First Requests For Highways Under County Unit Law Today

TWO OTHERS ARE ON FILE

Board Attends Joint Meeting With Franklin and Fayette Commissioners This Morning

The county commissioners returned this afternoon from Connersville, where they attended a joint meeting of the boards of Rush, Fayette and Franklin counties and took up at once the consideration of nine petitions for the construction of roads under the new county unit road law. All but one of the petitions ask for material of a permanent character, the majority specifically calling for cement.

It rests with the commissioners, under the law, to select the roads to be built, and they will have to make a selection because not near all of the highways petitioned for can be built this year, and for the additional reason that some of the routes cover parts of the same road.

Of the petitions before the board today, one runs east from Rushville to the Fayette county line, one west to the Shelby county line, three north to the Henry county line, two south to the Decatur county line, one joins on to the Weir road in Noble township, and runs to the Franklin county line and the other begins in southern Rushville township and runs south into Anderson township about two miles.

Two other petitions have been filed under the new law, but neither was to be taken up by the board today. One of them, the J. W. Anderson road, is the third south route to the Decatur county line, and the S. B. Kirkpatrick road is the fourth north route to the Henry county line.

COUNCIL PASSES THE APPROPRIATION BILL

Total Amounts to \$111,859 And Includes \$85,000 For New Poor Asylum Building

WILSON BRIDGE TO BE BUILT

The county council this afternoon appropriated \$111,859, of which \$85,000 will be used to erect new buildings at the county poor asylum. All of the items which were tentatively passed in the appropriation bill yesterday, were accepted today, and two which were turned down yesterday were approved today and included in the total. They were \$5,000 for a new bridge near Hooker Wilson's farm in Ripley township and \$1,800 for a retaining wall at the O. C. Norris bridge.

With the exception of the poor farm appropriation, all of the items were for bridge repairs or replacements and to take care of the increase in salary granted the assessors by the recent legislature. The latter appropriations were by townships, each amounting to \$165 with the exception of Rushville township, which was \$360, and one other township, which was \$150. An appropriation of \$400 was required to meet the increase in the county assessor's salary.

The council did not change its vote on the request for \$900 to pay for the enumeration of voters, believing that the trustees would attend to this work. No appropriation was made for county agent's expenses, but there is said to be enough in the fund to last until June 1.

WIFE IS NAMED GUARDIAN

Viola Westover Appointed and Bond is Fixed at \$3,000

Viola Westover was today appointed temporary guardian for Charles E. Westover, her husband, who was put in jail Wednesday after insanity proceedings were filed. Judge Sparks fixed Mrs. Westover's bond at \$3,000. Westover was violent when arrested and four men were required to take him to jail, but he has been very quiet since that time. It was first planned to take him to a private hospital at Oxford, Ohio, but it is now said that he will probably be placed in the Southeastern Indiana Hospital for the Insane at Madison, for treatment, as soon as commitment papers are received.

ROBERT CAMERON SENT TO JAIL FOR TEN DAYS

Found Guilty of Contempt of Court by Judge Sparks For Failure To Obey Decree

RELEASED TWO HOURS LATER

Robert Cameron was sent to jail for ten days for contempt of court by Judge Will M. Sparks in the circuit court today. It is alleged that Cameron failed to comply with the orders of the court that he should pay his former wife, Priscilla Cameron, \$4 a week for the support of the minor children, whose custody she was awarded when Cameron was granted a divorce April 27, 1917. Cameron relented after two hours in jail and was released when he promised to pay.

Cameron has tried the patience of the court. He was cited for contempt December 4, 1917 and the proceedings were dismissed January 23, 1918 when Cameron promised to behave. On March 15 last, the defendant filed a motion to require Cameron to show cause again why he should not be punished for contempt of court. The evidence was heard March 22 and continued until today, when the judge found him guilty. Judgment was withheld on the motion of Cameron, filed April 14, to modify the judgment compelling him to pay \$4 a week support.

The divorce case of Alma Percell against Charles Percell was submitted and the evidence heard today, but no decision was returned.

PREDICTS GERMAN MENACE IN 50 YEARS

Marshal Foch Says They Will Make Another Assault on France if Given Chance

ADVISES HOLDING THE RHINE

(By United Press.)

London, April 19.—Marshal Foch in an interview predicted that fifty years hence the Germans if given the opportunity will make another assault on France and Great Britain. "Now that we have reached the Rhine we must stay there," Foch was quoted as saying. "It is our only safety, we must have it as a barrier and we must doublelock the doors."

"Remember those 70,000,000 Germans will always be a menace to us. They are a people who are envious and their warlike characteristics have not been changed by the events of the last four years. Fifty years hence they will be what they are today."

The Marshal thinks the Germans will make no mistakes. They will break through northern France and seize the channel port as a passage for operations against England.

VETERANS TO GET A TAX EXEMPTION

Soldiers of Mexican and Civil Wars Will Receive \$1,000 Reduction in Assessments

BENEFIT TO SOLDIERS' WIDOWS

New State Law Does Not Affect Either Spanish-American or World War Veterans

Exemption blanks for the use of veterans of the Civil and Mexican wars and their widows, so that they may take advantage of a new state law allowing them a reduction of \$1,000 in their tax assessments, are expected any time by the county auditor, Will McMillin.

It is understood that the blanks have been prepared and will be distributed throughout the state soon. Very little concerning the law is known here and many Spanish American war veterans and veterans of the world war have erroneously thought the law also applied to Civil and Mexican war veterans.

The act may not be effective this year depending on when the new state laws are put in force. There was no emergency clause to the law and it will not be effective until the acts are put in force by the governor's proclamation.

The law provides that the veterans, who are 70 years old or more and their widows who are 60 years of age or older, may have an exemption of \$1,000 from their assessed valuation, providing an exemption blank is filed with the county auditor before the first Monday in May. The terms of the act, as far as can be learned, does not exempt the veterans from taxes entirely, but simply deducts the sum of \$1,000 from their assessments. If they are assessed for more than \$5,000 the exemption does not apply. The assessed valuation on the tax duplicate is to be taken as the basis for the exemption of \$1,000.

The time for filing the tax exemption is the same as the new mortgage exemption law, from the first of March to the first Monday in May. Thus, to be effective this year, the new laws will have to be in force prior to the first Monday in May. To be on the safe side, the veterans and their widows have been advised to file the exemption papers. The law was passed through the influence of the G. A. R. and is an entirely separate act from the new state law.

The county officials say they do not know the exact meaning of the law and point out that on the face of it the veteran must have \$1,000 worth of taxable property before getting the exemption. They point out that there is no provision for an exemption if a man's property is less than \$1,000, since the total amount of the exemption is given in one lump sum, namely \$1,000.

FUNERAL HELD TODAY

The funeral services of Elmer Robbins of Greensburg, Big Four railroad detective who was shot and killed by a negro there Thursday morning were held this afternoon at two-thirty o'clock, in charge of the Rev. C. B. Jones of the Baptist church and burial was made in the South Park cemetery at Greensburg. The members of the Odd Fellows lodge, the Rebekahs and Modern Woodmen assisted in the services.

FALL IN IRISH SEA.

London, April 19.—Major J. C. Wood flying to Ireland on the first leg of a trans-Atlantic attempt late yesterday, fell in the Irish Sea late today. He and his navigator, Captain Wyllis, were unhurt. Their machine was being taken to the Holy Head. The aviator will not attempt another flight for several days.

PAYMENT OF CAR FARE LEGALIZED

State Board of Accounts Empowers Commissioners to Meet Such Expense For Celebration

LETTER FROM DEFENSE BODY

M. E. Foley Emphasizes That Welcome Day is For All Heroes and Urges Their Attendance

A letter received today from John Vajen Wilson, secretary of the State Council of Defense, by T. M. Green, chairman of the Rush county council of Defense, explains that the state board of accounts has authorized the county commissioners to pay the carfare of every discharged soldier to and from Indianapolis for the Welcome Home Day celebration which will be held in a few weeks.

This step was the outgrowth of a resolution adopted by the State Council of Defense Thursday, urging the accounts board to empower the commissioners to pay the carfare of former soldiers. Although the local commissioners have not been questioned on the subject, it is probable that they will accede to the request if public sentiment seems to favor such action.

Indianapolis newspapers stated today that seats for approximately 12,000 persons, to be apportioned among relatives of soldiers and sailors, the Governor's state-wide reception committee, and representatives of patriotic organizations, will be provided in huge stands which will be erected in Meridian and Pennsylvania streets, between Ohio and Vermont streets for the Welcome Home Celebration for all of Indiana's war heroes.

Mr. Wilson's letter says that the state board of accounts today mailed the following letter to all boards of county commissioners:

"You are hereby authorized, in so far as the state board of accounts has authority to empower you, to pay the carfare of every discharged soldier to and from Indianapolis on Victory Day in order that every man who saw service can take part in the celebration of the world's greatest war to establish international peace. This will be by far the greatest celebration ever held in the history of the state." This letter is signed by Gilbert H. Hendren, State Examiner.

Mr. Wilson's letter continues as follows:

"The formal invitations to the county committees of delegates have not yet been printed, but we cannot wait until these are sent to go ahead with the preparations for the day. It was intended that the chairmen of the county councils of defense should act as the chairmen of the committees of the county delegates. Wherever this is not possible we urge you to see to it at once that one of the gentlemen you have selected is made chairman. The committee should then be called together and this letter with its postscript presented to it and it should be urged that all possible pressure be brought to bear on the board of county commissioners to take the action suggested in the letter from the State Board of Accounts. The committee should then use every means to inform all discharged soldiers and sailors residing in the county of their opportunity and should make arrangements to reach all of these men, without exception, and bring them to Indianapolis at the expense of the county on Victory Day."

A letter from M. E. Foley, chairman of the State Council of Defense, emphasizing that the celebration is for all of Indiana's returned heroes, as follows:

"With further reference to our

TELEGRAPHERS MAY STRIKE

Handling Excess Business Makes Them Strike Breakers

(By United Press.)

Boston, April 19.—A strike of more than 8,000 commercial telegraph operators in New England may be called early next week if the strike of 20,000 New England telephone operators is not settled within a few days, according to indications today.

William Conroy, chairman of the executive board of the Boston Commercial Telegraphical union, asserted that telegraphers are handling an excess business usually carried by the telephone operators and that in this work act practically as strike breakers.

REINHEIMER GIVEN PENAL FARM SENTENCE

Former Rushville Man is Fined \$100 and Costs and is Sent up For Sixty Days.

WHISKEY FOUND IN HIS CAR.

Walter C. Reinheimer, formerly of this city, who was arrested in Indianapolis April 4 when he stopped in Indianapolis for a short time to visit a friend and a policeman found his machine contained whiskey, was fined \$100 and costs and sentenced to sixty days in the penal farm in the Indianapolis police court yesterday.

At the time of his arrest he was on his way from Dayton, Ohio, with a "cargo" of booze and made the mistake of stopping in Indianapolis to visit a woman friend. While the machine was standing at Alabama and North streets, a patrolman noticed the machine was closely curtains and muddy, and his suspicions were aroused, and upon investigation the car was found to contain whiskey. Reinheimer admitted the ownership of the machine and was sent to headquarters charged with violating the prohibition law. When the machine was searched it was found to contain ten cases of half pints, nineteen pints, and twelve quarts of whiskey and a quart of gin.

FIRST MEETING OF THE CAMPAIGN AT MOSCOW

Attendance Friday Night Reveals Interest Already Aroused—3 Scheduled For Sunday.

TANK IS EXPECTED MONDAY

The first public meeting in the Victory loan campaign, held at the Moscow Christian church last night, was a rousing one and revealed that interest has already been aroused in the forthcoming drive. Judge Will M. Sparks spoke briefly and Miss Hazel Bennett, who was in France with Base Hospital No. 32 as a nurse, recited her experiences. The audience was deeply impressed with Miss Bennett's talk.

Three loan meetings are scheduled for tomorrow. Judge Sparks will speak at a union meeting at the Manila Christian church at 2 p. m. Miss Anna Bohannon, Miss Frances Frazer and Miss Bennett will talk at a meeting at Osborn school house in Jackson township at three o'clock and Miss Bennett and Douglas Morris will address a meeting at the Raleigh town hall at 1:30.

In the absence of any further word, it is presumed the whippet tank will be in Rushville Monday, coming here from Connersville. It was originally scheduled to come to Rushville yesterday, but was delayed by a break-down.

PEACE CONFERENCE HITS MORE SNAGS

Italian Situation is in Critical Stage Due to Territorial Dispute With Jugo-Slavia.

JAP CLAIMS IN CHINA TOO

Tokio Press is Violent and Urges Country Withdraw From the League of Nations.

(By United Press.)

Paris, April 19.—With the Italian situation still in a critical stage so far as available information is concerned, the Big Four was expected to be confronted with additional problems of adjusting Japanese territorial claims in China. What transpired in the meeting yesterday remained a mystery as the entire proceedings were surrounded with the deepest secrecy.

Rome, April 19.—The territorial dispute between Italy and Jugo-Slavia is approaching a crisis, it was indicated in advices reaching here today.

It is reported the local Jugo-Slavia press has published an order for general mobilization of men between 20 and 40 years of age.

Police are said to be preventing an exodus of male citizens.

Reports from Paris are said to have produced a painful impression, the Italian press unanimously exhorting Premier Orlando not to sign a peace that does not include the new boundaries claimed by the Italians.

A paper published at Paris dispatch claiming President Wilson is obdurate in his standing against awarding Fiume to Italy. According to more optimistic reports, Italy will receive Fiume, the port of which will be internationalized under Italian sovereignty and will also be a mandatory under Dalmatia, together with the indemnity of \$5,000,000,000.

Tokio, April 19.—Declaring Japan should withdraw from the league of nations, and that the principles of humanity underlying the league are falsehoods, the Japanese press has attacked Great Britain and demanded a Monroe Doctrine for the Orient.

The outburst was caused by the publication of news from Paris that the league of nations had rejected the Japanese amendment providing for the principle of equality of nations.

All the papers appeared today with strong editorials regarding the defeat of the Japanese amendment.

The press abused the delegates to the peace conference and declares the Japanese Empire should take this opportunity to withdraw from the league of nations.

The acceptance of the American Monroe Doctrine and rejection of justice and humanity underlying the league of nations are mere falsehoods, the papers say.

Another paper admitted that Japan contributed little to winning the war and declared it a fundamental mistake to raise the great question of racial equality. It also calls upon the people to awaken and "attend to the solidification of the nation's strength and to determine not to flinch in staking the states fate against a great foe."

STARTS SEA FLIGHT

Paris, April 19.—Lieut. Fontan, a French aviator, started on his third attempt at a trans-Atlantic flight from the African to the Brazil coast today.

What Color Of A Tune Do You Like

Perhaps you don't realize there are pink pieces of music, red rags, violet jazz, and blue melodies.

Those who know best about music say so; and undoubtedly we have heard topical songs with a dash of lavender.

Color crops out everywhere. When Goodrich brought forth Black Tread rubber, the color caught; and soon a lot of tires were singing the black song in treads.

Of course it is quality, not color, that makes Goodrich treads outwear others.

The distinctive coloring of Silvertown Cord Tires, and their graceful modeling make them much sought by motorists to dress smart cars.

But Goodrich would make them ugly as an old shoe if ugliness would add another mile to their durability.

WHY AND HOW GARDEN SHOULD BE CULTIVATED

Most people have an idea that gardens are cultivated solely for the purpose of killing weeds. As a matter of fact, the killing of weeds is just one object of garden cultivation, say the specialists of the United States Department of Agriculture. The roots of plants require air just the same as do the tops, and if the ground is packed or hard or is sun-baked over the surface after a beating rain, the roots of the plants can not get air, and for that reason the plants will turn yellow, and if not cared for will die. The same thing is true where the land is poorly drained and waterlogged. The water keeps out the air and the roots cannot feed the plants.

In the larger home gardens a wheel hoe can be used to advantage.

Cultivation has another object, in that it breaks up the soil particles and makes plant food available for the feeding rootlets of the plants. Many persons, however, make the mistake of cultivating too deeply, and by so doing cut off or injure the feeding rootlets and deprive the plant of its source of nourishment and cultivation during dry weather results in the formation of a layer of fine dust which serves as a mulch or blanket to retain moisture.

The soil should always be cultivated just as soon as it is sufficiently firm, the surface bakes and the crops are injured. The same will apply where irrigation is used, and it has been found best to give the soil a thorough soaking, then cultivate as soon as it is dry enough, and apply no more water until absolutely necessary.

The hoe and the steel rake are the most important tools for cultivating the small garden. On a larger scale a wheel hoe and a horse cultivator may be used to advantage. Even where horse-drawn tools are occasionally used, the greater part of the work especially during dry weather, may be performed by means of a common steel rake. It is not neces-

sary to go very deeply into the soil, but merely to stir the surface.

A handy little tool for loosening the soil can be made from a piece of thin board 2 inches wide and four-teen inches long, with one end whittled down to form a handle, and the opposite end provided with three No. 6, or No. 8 box nails or wire brads. This little homemade implement can be used very soon after a rain to loosen the surface so that any small seeds can break through. The wheel hoe outfits are provided with a number of different shovels and scratchers adapted for the different types of work to be performed. These im-plements have the advantage that one can go over the garden very rapidly and break up the surface of the soil in a comparatively short time. It is generally necessary, however, to follow with the hoe to remove any weeds that have not been destroyed by the wheel cultivator.

It should be borne in mind that the time to kill weeds is when they are just coming through the ground. If allowed to become established, it is much more difficult to get rid of them than if they are taken in time. If the top two inches of soil is kept continuously and thoroughly loosened, no serious difficulty in keeping out weeds is probable.

CONSIDERING NINE ROAD PETITIONS TODAY

Continued from Page One
There can be no discussion over the proposed "new" road running through Rushville from the Shelby to the Fayette county line, because it is the only route. The D. C. Buell petition is for the road east and the U. S. Offutt petition is for the west road, which would join on to the West Third street brick pavement. The Buell road would join the brick pavement at the East Hill Cemetery.

It is the north and south routes where the controversy will arise. Each group of petitioners represent that their route is either the shorter one or is the worst road and therefore should be paved. The Voorhees, Cavitt, Al Sharp and John P. Scott petitions all describe different routes to build the cement highway leading from Rushville to the Henry county line. The Frank McCorkle and Pete Maffett petitions follow different routes.

Petitions for roads under the old three-mile road law had to be considered by the petitioners in the order in which they were filed, but the new law provides the board may use its own discretion about which petitions shall be granted first.

Weighed 90 Pounds Before Taking PERUNA

Recommends it to Her Friends
"I don't need Peruna any more. I am all well. I have taken six bottles. I weighed ninety pounds before I started with Peruna. I was just as poor and so weakly. I had given up hopes of ever getting well; such a cough and spitting, and could not eat anything. Now since taking Peruna I weigh one hundred and thirty-five pounds. All my friends said I would never get well. I was just a shadow. I have surely recommended your Peruna to many of my friends, and they are using it. Janesville Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

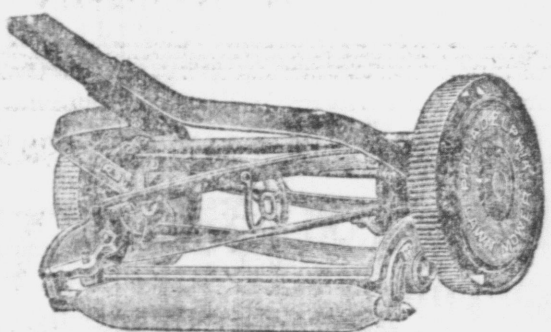

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter. Equipped with sight feed—you see every hill as it drops. Fertilize or Cow Pea attachment can be attached.

Food Selection for Home.

The most important daily incident of every housekeeper's routine is the selection and preparation of food for her family. It is a tribute to her intelligence and industry if her husband goes out to his work and her children to their school well nourished and satisfied. In order to bring this about she must know something of the proper combination of foods.

The meals served every day should contain a proportion of each of the following groups of foods:

1. Fruits and vegetables. These contain mineral substances of great value.

2. Meats and meat substitutes, such as poultry, fish, beans, eggs, milk and cheese. These are the muscle and tissue building foods.

3. Starches, including bread and cereals of all kinds. Cereals come nearer to supplying nutrition than any other class of foods.

4. Sugar, including honey, molasses and other sweets. Sugar supplies the body with heat and energy.

5. Fats, such as butter and cream, lard and vegetable fats.

These classes of food are all necessary for a well-balanced diet. If each meal shows its due proportion of them, the household is on a good basis of variety and nutrition. The foods must of course be well cooked

and seasoned and appetizingly served.

The housewife who carries out these principles is doing her duty to her home and to her country.

Specializing in Agriculture.

Technical agriculture offers thousands of positions as associates, assistants, helpers, extension workers, and county agents, and this work is particularly suitable for retrained, disabled men, according to a statement issued by the Federal Board for Vocational Education today.

These positions serve as stepping stones to higher promotions and better compensation in the near future, not only in the agricultural colleges, experiment stations, agricultural extension service, and in state efforts at agriculture. These institutions and employments lost thousands of men from their student bodies, their faculty, and their staffs. Hundreds of men formerly agricultural extension workers and agricultural county agents will never return to those occupations. These places were temporarily filled by unprepared substitutes who will be replaced by trained men as rapidly as they are procurable.

The experience abroad wherein opportunity was given to study the intensive and scientific agriculture of France and other countries has greatly stimulated interest in these lines, and disabled men with a background of agricultural experience are manifesting keen interest in training for the lines mentioned. Many others who, by reason of their disabilities, are compelled to equip themselves in other lines, and preferably for out-of-door occupations, are also manifesting keen desire to take up the specialized branches of agriculture in the training offered by the Federal Board.

DIFFERENT KINDS OF COUGHS

Bad colds lead to different kinds of coughs. There is a "dry cough," a "winter cough," la grippe cough, bronchial cough, asthmatic cough, and of course, the racking, painful cough to raise choking phlegm. Foley's Honey and Tar gives quick relief in all cases. T. J. McCall, Athens, O., writes: "We used Foley's Honey and Tar in our home for several years and find it almost invaluable for the cure of coughs and colds, and especially for croup with our children." Six Others Seriously Injured When
School Hack is Hit by Train
Near Laporte

DRIVER ESCAPES INJURY

Laporte, Ind., April 19.—Six children were killed and six others injured seriously, some of whom probably will die, when westbound Grand Trunk mail train No. 9 crashed into a school wagon at the John Hewman crossing, one and one-half miles east of Kingsbury, a village seven miles south of Laporte, yesterday afternoon.

The dead are:
William Schmitz, 6 years old.
Hazel Kregel, 15 years old.
Inez Mitchell, 11 years old.
Irene Wildt, 13 years old.
Winifred Condon, 14 years old.
Evelyn Harris, 12 years old.

The injured are:
Beulah Hanson, 12 years old, serious.
Gordon Harris, 8 years old, serious.
Richard Harris, 10 years old, slight.
Edna Wildt, 11 years old, leg broken.
Donald Wildt, 9 years old, leg broken.
Margaret May Bielefeldt, 7 years old, slight.

There were thirteen school children in the wagon and the only one to escape was a boy, Wilbur Condon, who was standing on the rear steps and jumped.

The wagon was driven by Mrs. Walter Johnson, who had two of her own children, 3 and 5 years old, respectively, on the driving seat. They escaped injury.

Comedy and Melodrama.

Bessie Love in "The Enchanted Barn," a million dollar swindle blocked by the quick wit of a beautiful and daring little stenographer shown in connection with a great comedy, "Never too Old," is the offering at the Princess theatre tonight. Monday beautiful Lila Lee in "The Secret Garden," and Burton Holmes travels will be shown. Wednesday Theda Bara in "A Woman Sins," is on the program.

Louise Glaum at Mystic

"Wedlock," featuring Louise Glaum, is the offering at the Mystic theatre tonight.

In the role of Margery Harding, Miss Glaum is seen as a young girl of noble nature, who since the death of her parents has earned her living as a telephone operator in a fashionable hotel. Here she meets Granger Hollister, the son of a multi-millionaire, who falls desperately in love with her and persuades her to consent to a secret marriage, declaring that as soon as he is of age he will announce her as his wife to the world. But young Hollister's family had their ideas for his future and when the time came to announce his engagement to Catherine Merrill and they found that he was married to a telephone operator, they drew on their millions and their influence and had their son's marriage annulled to enable him to marry into his own cast of society.

Margery, heartbroken, goes West where she slowly loses her grip on life until we again find her in charge of the switchboard in a small hotel. Here she meets and befriends a mining engineer who is also down in his luck, and he promises that if he makes his strike that half of his earnings will be hers. He finds gold, and Margery acquires not only wealth but the admiration of all about her for her charitable work. Granger Hollister, through the treachery of his wife's father, has been sentenced to a term in prison, escapes and goes West to elude the detectives. Cut off from his family, he becomes a derelict and is found by Margery in the gutter.

Realizing that he has been a creature of circumstances, and with the knowledge that she has never ceased to love him, she sets out to vindicate and save him. The working out of the tangled skeins furnishes Miss Glaum with a most exceptional vehicle, which unlike many of her former achievements, sustains the sympathy for the woman throughout the entire unfolding of the story.

HOW RHEUMATISM BEGINS

The excruciating agonies of rheumatism are usually the result of failure of the kidneys to expel poisons from the system. If the irritation of these uric acid crystals is allowed to continue, incurable bladder or kidney disease may result. Attend to it at once. Don't resort to temporary relief. The sick kidneys must be restored to health by the use of some sterilizing remedy which will prevent a return of the disease. Get some GOLD MEDAL Haaslem Oil Capsules immediately. They have brought back the joys of life to countless thousands of sufferers from rheumatism, lame back, lumbago, sciatica, gall stones, gravel and other affections of the kidneys, liver, stomach, bladder and allied organs. They will attack the poisons at once, clear out the kidneys and urinary tract and the soothing healing oils and herbs will restore the inflamed tissues and organs to normal health. All others are imitations. Ask for GOLD MEDAL and be sure the name GOLD MEDAL is on the box. Three sizes, at all good druggists.

BERLIN IS DECLARED IN A STATE OF SEIGE

Dispatches From That City Indicate That Condition Results From Strikes

GOVT. FORCES IN BRUNSWICK

(By United Press.)

Copenhagen, April 19.—Berlin has been declared in a state of seige as result of the general strike there, dispatches from that city report.

Proclamations to that effect were dropped on the city from government airplanes, it was said. The proclamations were signed personally by President Ebert.

Herr Eichorn, foreign police president and Spartan leader, was said to have attempted to escape from the city in an airplane.

He was overtaken by government machines and forced to land and is now in jail.

Government forces have occupied Brunswick, the Spartan resistance their suddenly having subsided.

Professor W. E. Jenkins will lecture Monday evening on, "The French", at the home of Miss Frances Frazee, in North Main street, before the members of the Shakespeare club and their guests.

At the regular meeting of the Mahoning Council, No 36, last evening, 50 candidates were taken into the lodge. After the class adoption a social hour followed and dainty refreshments of pie and coffee were served.

The closing day of the Glenwood school was marked by a sumptuous pitch-in dinner yesterday, which was given by the patrons of the school. In the afternoon the pupils gave a very interesting program consisting of songs and recitations.

Miss Hazel M. Warfield, daughter of Mr. and Mrs. Jacob Warfield, and John P. Davis, son of Mr. and Mrs. Charles Davis, both living near Homer, were quietly married this afternoon at the Methodist parsonage by the Rev. C. S. Black. They will reside on a farm near Homer.

Miss Edith McClung entertained three guests at a prettily appointed six o'clock dinner Wednesday evening at the Scalan House. The table was centered with a bouquet of roses and covers were laid for Miss Mary Parrish, Miss Nancy Miller, of Manilla and Miss Gladys Titsworth and hostess Miss McClung.

Miss Rema Offut entertained Thursday evening a few of her friends with a pitch-in-supper at her home in East Sixth Street. The dining table was decorated with a bouquet of spring flowers and covers were laid for the following guests: Miss Martha Ruhlman, Miss Nellie Drake, Miss Vonnice Phillips and Russel Looney, Otto Moore, Earl Miller and Donald Priest. After the supper the guests motored to Shelbyville.

The teachers of the Homer school building were entertained yesterday when a number of the patrons surprised them with a pitch-in-dinner at noon, the occasion being the last day of school. In the afternoon a clever entertainment as given by the pupils. The members of the fifth and sixth grade dramatized the "Fairy Scene" of "Midsummer Night's Dream" and the third and fourth grades gave a program of recitations and songs. Miss Edith McClung of Pittsburgh, Ind., was the principal of the school.

Mr. and Mrs. James Oneal entertained the U. I. Go club Thursday evening at their home southeast of the city in honor of their 39th wedding anniversary. During the evening a pitch-in supper was served the table being beautifully decorated with a centerpiece of pink and white carnations. In addition to twenty-five members of the club, the following guests enjoyed the evening: Mr. and Mrs. Earl Perkins and son, Mr. and Mrs. Cliff Stevens and son, Mr. and Mrs. Cliff Wiley and daughters, Mr. and Mrs. Edgar Logan, Elmer Perkins and Mrs. Leona Darnell.

One of the charming bridge parties given in this city this season was the one at which Mrs. Herman Tompkins and Mrs. Harry McMillin were hostesses yesterday afternoon at the home of Mrs. Tompkins in East First street. The spacious rooms were artistically decorated with yellow tulips and jonquils, the same color scheme being carried out in the score cards and refreshments. Thirteen cards tables were grouped among the rooms where the guests spent the afternoon playing bridge. At the close of the playing the hostesses served a delicious luncheon.

MARCHING ON MUNICH.

Copenhagen, April, 19—Communists defending Munich were reported today to have gathered 20,000 well armed troops. General Epps, according to Berlin dispatches today, is marching upon Munich with 30,000 government troops from Stuttgart. The population of that city has protested against removal of troops, fearing an outbreak.

ELECTED COMMISSIONER

Dr. D. Ira Lambert and Elder J. W. Hogsett represented the First Presbyterian church at the Spring meeting of the White Water Presbytery held at Connersville this week. The meeting was unusually well attended. Dr. Lambert was chosen commissioner to represent the Presbytery at the meeting of the general assembly which will be held at St. Louis, Mo., this year.

ASKS AN AGREEMENT ON PRICE REDUCTION

President Wilson Requests the Industrial Board and Railway Administration to Get Together

WORD SENT BY CABLEGRAM.

Washington, April 19.—President Wilson has requested the industrial board and railway administration to try further to reach an agreement on the price reduction program particularly as to steel and coal. This information was received in a cablegram to the industrial board.

The president directed that negotiations between the two agencies which resulted in a wide breach in the cabinet, be immediately resumed. He is understood not to have indicated his views as to which party in the controversy should prevail, but simply asked that further efforts be made to settle the dispute.

At the industrial board it was announced that conferences will be reopened with the railroad administration as soon as can be arranged by Director General Hines.

Thousands of Cases of Dyspepsia--- BUT ONLY ONE PEPSINCO

PEPSINCO is the only indigestion remedy that we know—and we know lots of so called dyspepsia cures—that will almost infallibly relieve an attack of indigestion, food distress or gas. We could almost make claims that would appear impossible, so seldom does this PEPSINCO fail. But why not consider the recommendation of thousands of people who have used PEPSINCO, on the basis of their belief in it. Try it yourself; we are sure that the suggestion will appeal to you—you who suffer with indigestion or stomach faults—try PEPSINCO to-day.

Ask your druggist—he sells and recommends Pepsinco.

COLORED MEN ARE CHARGED WITH MURDER

Washington and Hancock Will be Taken to Greensburg to Answer For Killing Robbins

BOTH DENY THEY'RE GUILTY

Indianapolis, Ind., April 19.—Thomas Washington and John Hancock, both colored, held in connection with the killing of Elmer Robbins, a railroad detective at Greensburg, Ind., early Thursday morning, are charged with first degree murder in each of two affidavits filed at Greensburg yesterday by John Holcomb, prosecuting attorney for Decatur county.

Warrants were placed in the hands of the local police department yesterday and it is expected that the men will be taken back to Greensburg for arraignment in a few days. It is said they will be held without bond to await the action of the Decatur County Grand Jury, which will be called May 5.

Washington and Hancock both deny the charge that they killed Robbins, each accusing the other. However, Greensburg officers who were present when Robbins was shot say they believe Washington did the shooting.

The two men were arrested a short time after the shooting, in Beech Grove, where they were found in a box car. They were taken to Police headquarters and questioned by Detectives Rademacher and Houshan. Washington was the first to make a statement, accusing Hancock of shooting Robbins.

Library Notes

(By MARY SLEETH, Librarian)

Foreign Trade.

The American flag is waiting to carry our products to foreign lands—flying over a new and growing American Merchant Marine. Our goods must restock war-ravaged Europe.

South America will offer a greater market than ever before with German trade, so strong before the war, now under an overwhelming moral disadvantage. American products will win out if we know the ground.

The man who knows will succeed. American trade in South America needs students. Certain hard lessons must be learned, ignorance of which caused failure before the war. We must learn the physical and economic facts of South America; we must learn Spanish; we must learn to understand the Spanish-American temperament with its remarkable business aptitude.

The man who would know South America must visit it. But as a preliminary, he can study books on the geography and economics of the Ten Republics. Understanding South America, by Cooper, describes the natural background, the natural resources, and the methods of doing business.

Reid's The Young Man's chances in South and Central America tells the young American farmer, teacher, dentists, surgeon, banker, journalist, what awaits him there.

Progressive Chile by Robert E. Mansfield "is a record of impressions gained from personal observations of the life and customs of the people of one of the most enlightened, progressive and interesting countries in South America".

South America, Observations and Impressions, by James Bryce is a most comprehensive work on this great country.

These books are in your Public Library and more will be bought if wanted.

CONSIDERING 9
ROAD PETITIONS

Commissioners Take up First Requests For Highways Under County Unit Law Today

TWO OTHERS ARE ON FILE

Board Attends Joint Meeting With Franklin and Fayette Commissioners This Morning

The county commissioners returned this afternoon from Connersville, where they attended a joint meeting of the boards of Rush, Fayette and Franklin counties and took up at once the consideration of nine petitions for the construction of roads under the new county unit road law. All but one of the petitions ask for material of a permanent character, the majority specifically calling for cement.

It rests with the commissioners, under the law, to select the roads to be built, and they will have to make a selection because not near all of the highways petitioned for can be built this year, and for the additional reason that some of the routes cover parts of the same road.

Of the petitions before the board today, one runs east from Rushville to the Fayette county line, one west to the Shelby county line, three north to the Henry county line, two south to the Decatur county line, one joins on to the Weir road in Noble township, and runs to the Franklin county line and the other begins in southern Rushville township and runs south into Anderson township about two miles.

Two other petitions have been filed under the new law, but neither was to be taken up by the board today. One of them, the J. W. Anderson road, is the third south route to the Decatur county line, and the S. B. Kirkpatrick road is the fourth north route to the Henry county line.

COUNCIL PASSES THE
APPROPRIATION BILL

Total Amounts to \$111,859 And Includes \$85,000 For New Poor Asylum Building

WILSON BRIDGE TO BE BUILT

The county council this afternoon appropriated \$111,859, of which \$85,000 will be used to erect new buildings at the county poor asylum. All of the items which were tentatively passed in the appropriation bill yesterday, were accepted today, and two which were turned down yesterday were approved today and included in the total. They were \$5,000 for a new bridge near Hooker Wilson's farm in Ripley township and \$1,800 for a retaining wall at the O. C. Norris bridge.

With the exception of the poor farm appropriation, all of the items were for bridge repairs or replacements and to take care of the increase in salary granted the assessors by the recent legislature. The latter appropriations were by townships, each amounting to \$165 with the exception of Rushville township, which was \$360, and one other township, which was \$150. An appropriation of \$400 was required to meet the increase in the county assessor's salary.

The council did not change its vote on the request for \$800 to pay for the remuneration of voters, believing that the trustees would attend to this work. No appropriation was made for county agent's expenses, but there is said to be enough in the fund to last until June 1.

WIFE IS NAMED GUARDIAN

Viola Westover Appointed and Bond is Fixed at \$3,000

Viola Westover was today appointed temporary guardian for Charles E. Westover, her husband, who was put in jail Wednesday after insanity proceedings were filed. Judge Sparks fixed Mrs. Westover's bond at \$3,000. Westover was violent when arrested and four men were required to take him to jail, but he has been very quiet since that time. It was first planned to take him to a private hospital at Oxford, Ohio, but it is now said that he will probably be placed in the Southeastern Indiana Hospital for the Insane at Madison, for treatment, as soon as commitment papers are received.

ROBERT CAMERON SENT
TO JAIL FOR TEN DAYS

Found Guilty of Contempt of Court by Judge Sparks For Failure To Obey Decree

RELEASED TWO HOURS LATER

Robert Cameron was sent to jail for ten days for contempt of court by Judge Will M. Sparks in the circuit court today. It is alleged that Cameron failed to comply with the orders of the court that he should pay his former wife, Priscilla Cameron, \$4 a week for the support of the minor children, whose custody she was awarded when Cameron was granted a divorce April 27, 1917. Cameron relented after two hours in jail and was released when he promised to pay.

Cameron has tried the patience of the court. He was cited for contempt December 4, 1917 and the proceedings were dismissed January 23, 1918 when Cameron promised to behave. On March 15 last, the defendant filed a motion to require Cameron to show cause again why he should not be punished for contempt of court. The evidence was heard March 22 and continued until today, when the judge found him guilty. Judgment was withheld on the motion of Cameron, filed April 14, to modify the judgment compelling him to pay \$4 a week support.

The divorce case of Alma Percell against Charles Percell was submitted and the evidence heard today, but no decision was returned.

PREDICTS GERMAN
MENACE IN 50 YEARS

Marshal Foch Says They Will Make Another Assault on France if Given Chance

ADVISES HOLDING THE RHINE

(By United Press.)

London, April 19.—Marshal Foch in an interview predicted that fifty years hence the Germans if given the opportunity will make another assault on France and Great Britain. "Now that we have reached the Rhine we must stay there," Foch was quoted as saying. "It is our only safety, we must have it as a barrier and we must doublelock the doors."

"Remember those 70,000,000 Germans will always be a menace to us. They are a people who are envious and their warlike characteristics have not been changed by the events of the last four years. Fifty years hence they will be what they are today."

The Marshal thinks the Germans will make no mistake. They will break through northern France and seize the channel port as a passage for operations against England.

VETERANS TO GET
A TAX EXEMPTION

Soldiers of Mexican and Civil Wars Will Receive \$1,000 Reduction in Assessments

BENEFIT TO SOLDIERS' WIDOWS

New State Law Does Not Affect Either Spanish-American or World War Veterans

Exemption blanks for the use of veterans of the Civil and Mexican wars and their widows, so that they may take advantage of a new state law allowing them a reduction of \$1,000 in their tax assessments, are expected any time by the county auditor, Will McMillin.

It is understood that the blanks have been prepared and will be distributed throughout the state soon. Very little concerning the law is known here and many Spanish American war veterans and veterans of the world war have erroneously thought the law also applied to Civil and Mexican war veterans.

The act may not be effective this year depending on when the new state laws are put in force. There was no emergency clause to the law and it will not be effective until the acts are put in force by the governor's proclamation.

The law provides that the veterans, who are 70 years old or more and their widows who are 60 years of age or older, may have an exemption of \$1,000 from their assessed valuation, providing an exemption blank is filed with the county auditor before the first Monday in May. The terms of the act, as far as can be learned, does not exempt the veterans from taxes entirely, but simply deducts the sum of \$1,000 from their assessments. If they are assessed for more than \$5,000 the exemption does not apply. The assessed valuation on the tax duplicate is to be taken as the basis for the exemption of \$1,000.

The time for filing the tax exemption is the same as the new mortgage exemption law, from the first of March to the first Monday in May. Thus, to be effective this year, the new laws will have to be in force prior to the first Monday in May. To be on the safe side, the veterans and their widows have been advised to file the exemption papers. The law was passed through the influence of the G. A. R. and is an entirely separate act from the new state law.

The county officials say they do not know the exact meaning of the law and point out that on the face of it the veteran must have \$1,000 worth of taxable property before getting the exemption. They point out that there is no provision for an exemption if a man's property is less than \$1,000, since the total amount of the exemption is given in one lump sum, namely \$1,000.

FUNERAL HELD TODAY

The funeral services of Elmer Robbins of Greensburg, Big Four railroad detective who was shot and killed by a negro there Thursday morning were held this afternoon at two-thirty o'clock, in charge of the Rev. C. B. Jones of the Baptist church and burial was made in the South Park cemetery at Greensburg. The members of the Odd Fellows lodge, the Rebekahs and Modern Woodmen assisted in the services.

London, April 19.—Major J. C. Wood flying to Ireland on the first leg of a trans-Atlantic attempt yesterday, fell in the Irish Sea late today. He and his navigator, Captain Wyles, were unborn. Their plane was being taken to the Holy Head. The aviator will not attempt another flight for several days.

PAYMENT OF CAR
FARE LEGALIZED

State Board of Accounts Empowers Commissioners to Meet Such Expense For Celebration

LETTER FROM DEFENSE BODY

M. E. Foley Emphasizes That Welcome Day is For All Heroes and Urges Their Attendance

A letter received today from John Vajen Wilson, secretary of the State Council of Defense, by T. M. Green, chairman of the Rush county council of Defense, explains that the state board of accounts has authorized the county commissioners to pay the carfare of every discharged soldier to and from Indianapolis for the Welcome Home Day celebration which will be held in a few weeks.

This step was the outgrowth of a resolution adopted by the State Council of Defense Thursday, urging the accounts board to empower the commissioners to pay the carfare of former soldiers. Although the local commissioners have not been questioned on the subject, it is probable that they will accede to the request if public sentiment seems to favor such action.

Indianapolis newspapers stated today that seats for approximately 12,000 persons, to be apportioned among relatives of soldiers and sailors, the Governor's state-wide reception committee, and representatives of patriotic organizations, will be provided in huge stands which will be erected in Meridian and Pennsylvania streets, between Ohio and Vermont streets for the Welcome Home Celebration for all of Indiana's war heroes.

Mr. Wilson's letter says that the state board of accounts today mailed the following letter to all boards of county commissioners:

"You are hereby authorized, in so far as the state board of accounts has authority to empower you, to pay the carfare of every discharged soldier to and from Indianapolis on Victory Day in order that every man who saw service can take part in the celebration of the world's greatest war to establish international peace. This will be by far the greatest celebration ever held in the history of the state." This letter is signed by Gilbert H. Hendren, State Examiner.

Mr. Wilson's letter continues as follows:

"The formal invitations to the county committees of delegates have not yet been printed, but we cannot wait until these are sent to go ahead with the preparations for the day. It was intended that the chairmen of the county councils of defense should act as the chairmen of the committees of the county delegates. Wherever this is not possible we urge you to see to it at once that one of the gentlemen you have selected is made chairman. The committee should then be called together and this letter with its postscript presented to it and it should be urged that all possible pressure be brought to bear on the board of county commissioners to take the action suggested in the letter from the State Board of Accounts. The committee should then use every means to inform all discharged soldiers and sailors residing in the county of their opportunity and should make arrangements to reach all of these men, without exception, and bring them to Indianapolis at the expense of the county on Victory Day."

A letter from M. E. Foley, chairman of the State Council of Defense, accompanying that of Mr. Wilson, emphasizes the fact that the celebration is for all of Indiana's returned heroes, as follows:

REINHEIMER GIVEN
PENAL FARM SENTENCE

Former Rushville Man is Fined \$100 and Costs and is Sent up For Sixty Days

WHISKEY FOUND IN HIS CAR

Walter C. Reinheimer, formerly of this city, who was arrested in Indianapolis April 4 when he stopped in Indianapolis for a short time to visit a friend and a policeman found his machine contained whiskey, was fined \$100 and costs and sentenced to sixty days in the penal farm in the Indianapolis police court yesterday.

At the time of his arrest he was on his way from Dayton, Ohio, with a "cargo" of booze and made the mistake of stopping in Indianapolis to visit a woman friend. While the machine was standing at Alabama and North streets, a patrolman noticed the machine was closely curtained and muddy, and his suspicions were aroused, and upon investigation the car was found to contain whiskey. Reinheimer admitted the ownership of the machine and was sent to headquarters charged with violating the prohibition law. When the machine was searched it was found to contain ten cases of half pints, nineteen pints, and twelve quarts of whiskey and a quart of gin.

FIRST MEETING OF THE
CAMPAIGN AT MOSCOW

Attendance Friday Night Reveals Interest Already Aroused—3 Scheduled For Sunday

TANK IS EXPECTED MONDAY

The first public meeting in the Victory loan campaign, held at the Moscow Christian church last night, was a rousing one and revealed that interest has already been aroused in the forthcoming drive. Judge Will M. Sparks spoke briefly and Miss Hazel Bennett, who was in France with Base Hospital No. 32 as a nurse, recited her experiences. The audience was deeply impressed with Miss Bennett's talk.

Three loan meetings are scheduled for tomorrow. Judge Sparks will speak at a union meeting at the Manilla Christian church at 2 p. m. Miss Anna Bohannon, Miss Frances Frazer and Miss Bennett will talk at a meeting at Osborn school house in Jackson township at three o'clock and Miss Bennett and Douglas Morris will address a meeting at the Raleigh town hall at 1:30.

In the absence of any further word, it is presumed the whippet tank will be in Rushville Monday coming here from Connersville. It was originally scheduled to come to Rushville yesterday, but was delayed by a break down.

Italian Situation is in Critical Stage Due to Territorial Dispute With Jugo-Slavia

JAP CLAIMS IN CHINA TOO

Tokio Press is Violent and Urges Country Withdraw From the League of Nations

(By United Press.)

Paris, April 19.—With the Italian situation still in a critical stage so far as available information is concerned, the Big Four was expected to be confronted with additional problems of adjusting Japanese territorial claims in China. What transpired in the meeting yesterday remained a mystery as the entire proceedings were surrounded with the deepest secrecy.

Rome, April 19.—The territorial dispute between Italy and Jugo-Slavia is approaching a crisis, it was indicated in advices reaching here today.

It is reported the local Jugo-Slavia press has published an order for general mobilization of men between 20 and 40 years of age.

Police are said to be preventing an exodus of male citizens.

Reports from Paris are said to have produced a painful impression, the Italian press unanimously exhorting Premier Orlando not to sign a peace that does not include the new boundaries claimed by the Italians.

A paper published in Paris dispatch claiming President Wilson is obdurate in his standing against awarding Fiume to Italy. According to more optimistic reports, Italy will receive Fiume, the port of which will be internationalized under Italian sovereignty and will also be a mandatory under Dalmatia, together with the indemnity of \$5,000,000,000.

Tokio, April 19.—Declaring Japan should withdraw from the league of nations, and that the principles of humanity underlying the league are falsehoods, the Japanese press has attacked Great Britain and demanded a Monroe Doctrine for the Orient. The outburst was caused by the publication of news from Paris that the league of nations had rejected the Japanese amendment providing for the principle of equality of nations.

All the papers appeared today with strong editorials regarding the defeat of the Japanese amendment.

The press abused the delegates to the peace conference and declares the Japanese Empire should take this opportunity to withdraw from the league of nations.

The acceptance of the American Monroe Doctrine and rejection of justice and humanity underlying the league of nations are mere falsehoods, the papers say.

Another paper admitted that Japan contributed little to winning the war and declared it a fundamental mistake to raise the great question of racial equality. It also calls upon the people to awaken and attend to the solidification of the nation's strength and to determine not to finish in making the states false against a great foe.

CONSIDERING 9 ROAD PETITIONS

Commissioners Take up First Requests For Highways Under County Unit Law Today

TWO OTHERS ARE ON FILE

Beard Attends Joint Meeting With Franklin and Fayette Commissioners This Morning

The county commissioners returned this afternoon from Connersville, where they attended a joint meeting of the boards of Rush, Fayette and Franklin counties and took up at once the consideration of nine petitions for the construction of roads under the new county unit road law. All but one of the petitions ask for material of a permanent character, the majority specifically calling for cement.

It rests with the commissioners, under the law, to select the roads to be built, and they will have to make a selection, because not near all of the highways petitioned for can be built this year, and for the additional reason that some of the routes cover parts of the same road.

Of the petitions before the board today, one runs east from Rushville to the Fayette county line, one west to the Shelby county line, three north to the Henry county line, two south to the Decatur county line, one joins on to the Weir road in Noble township, and runs to the Franklin county line and the other begins in southern Rushville township and runs south into Anderson township about two miles.

Two other petitions have been filed under the new law, but neither was to be taken up by the board today. One of them, the J. W. Anderson road, is the third south route to the Decatur county line, and the S. B. Kirkpatrick road is the fourth north route to the Henry county line.

COUNCIL PASSES THE APPROPRIATION BILL

Total Amounts to \$111,859 And Includes \$85,000 For New Poor Asylum Building

WILSON BRIDGE TO BE BUILT

The county council this afternoon appropriated \$111,859, of which \$85,000 will be used to erect new buildings at the county poor asylum. All of the items which were tentatively passed in the appropriation bill yesterday, were accepted today, and two which were turned down yesterday were approved today and included in the total. They were \$5,000 for a new bridge near Hooker Wilson's farm in Ripley township and \$1,800 for a retaining wall at the O. C. Norris bridge.

With the exception of the poor farm appropriation, all of the items were for bridge repairs or replacements and to take care of the increase in salary granted the assessors by the recent legislature. The latter appropriations were by townships, each amounting to \$165 with the exception of Rushville township, which was \$360, and one other township, which was \$150. An appropriation of \$400 was required to meet the increase in the county assessor's salary.

The council did not change its vote on the request for \$900 to pay for the remuneration of voters, believing that the trustees would attend to this work. No appropriation was made for county agent's expenses, but there is said to be enough in the fund to last until June 1.

Viola Westover Appointed and Bond is Fixed at \$3,000

Viola Westover was today appointed temporary guardian for Charles E. Westover, her husband, who was put in jail Wednesday after insanity proceedings were filed. Judge Sparks fixed Mrs. Westover's bond at \$3,000. Westover was violent when arrested and four men were required to take him to jail, but he has been very quiet since that time. It was first planned to take him to a private hospital at Oxford, Ohio, but it is now said that he will probably be placed in the Southeastern Indiana Hospital for the Insane at Madison, for treatment, as soon as commitment papers are received.

ROBERT CAMERON SENT TO JAIL FOR TEN DAYS

Found Guilty of Contempt of Court by Judge Sparks For Failure To Obey Decree

RELEASED TWO HOURS LATER

Robert Cameron was sent to jail for ten days for contempt of court by Judge Will M. Sparks in the circuit court today. It is alleged that Cameron failed to comply with the orders of the court that he should pay his former wife, Priscilla Cameron, \$4 a week for the support of the minor children, whose custody she was awarded when Cameron was granted a divorce April 27, 1917. Cameron relented after two hours in jail and was released when he promised to pay.

Cameron has tried the patience of the court. He was cited for contempt December 4, 1917 and the proceedings were dismissed January 23, 1918 when Cameron promised to behave. On March 15 last, the defendant filed a motion to require Cameron to show cause again why he should not be punished for contempt of court. The evidence was heard March 22 and continued until today, when the judge found him guilty. Judgment was withheld on the motion of Cameron, filed April 14, to modify the judgment compelling him to pay \$4 a week support.

The divorce case of Alma Percell against Charles Percell was submitted and the evidence heard today, but no decision was returned.

PREDICTS GERMAN MENACE IN 50 YEARS

Marshal Foch Says They Will Make Another Assault on France If Given Chance

ADVISES HOLDING THE RHINE

(By United Press.)

London, April 19.—Marshal Foch in an interview predicted that fifty years hence the Germans if given the opportunity will make another assault on France and Great Britain. "Now that we have reached the Rhine we must stay there," Foch was quoted as saying. "It is our only safety, we must have it as a barrier and we must doublelock the doors."

"Remember those 70,000,000 Germans will always be a menace to us. They are a people who are envious and their warlike characteristics have not been changed by the events of the last four years. Fifty years hence they will be what they are today."

The Marshal thinks the Germans will make no mistakes. They will break through northern France and seize the channel ports as a passage for operations against England.

VETERANS TO GET A TAX EXEMPTION

Soldiers of Mexican and Civil Wars Will Receive \$1,000 Reduction in Assessments

BENEFIT TO SOLDIERS' WIDOWS

New State Law Does Not Affect Either Spanish-American or World War Veterans

Exemption blanks for the use of veterans of the Civil and Mexican wars and their widows, so that they may take advantage of a new state law allowing them a reduction of \$1,000 in their tax assessments, are expected any time by the county auditor, Will McMillin.

It is understood that the blanks have been prepared and will be distributed throughout the state soon. Very little concerning the law is known here and many Spanish American war veterans and widows of the world war have erroneously thought the law also applied to Civil and Mexican war veterans.

The act may not be effective this year depending on when the new state laws are put in force. There was no emergency clause to the law and it will not be effective until the acts are put in force by the governor's proclamation.

The law provides that the veterans, who are 70 years old or more and their widows who are 60 years of age or older, may have an exemption of \$1,000 from their assessed valuation, providing an exemption blank is filed with the county auditor before the first Monday in May. The terms of the act, as far as can be learned, does not exempt the veterans from taxes entirely, but simply deducts the sum of \$1,000 from their assessments. If they are assessed for more than \$5,000 the exemption does not apply. The assessed valuation on the tax duplicate is to be taken as the basis for the exemption of \$1,000.

The time for filing the tax exemption is the same as the new mortgage exemption law, from the first of March to the first Monday in May. Thus, to be effective this year, the new laws will have to be in force prior to the first Monday in May. To be on the safe side, the veterans and their widows have been advised to file the exemption papers. The law was passed through the influence of the G. A. R. and is an entirely separate act from the new state law.

The county officials say they do not know the exact meaning of the law and point out that on the face of it the veteran must have \$1,000 worth of taxable property before getting the exemption. They point out that there is no provision for an exemption if a man's property is less than \$1,000, since the total amount of the exemption is given in one lump sum, namely \$1,000.

PAYMENT OF CAR FARE LEGALIZED

State Board of Accounts Empowers Commissioners to Meet Such Expense For Celebration

M. E. Foley Emphasizes That Welcome Day is For All Heroes and Urges Their Attendance

A letter received today from John Vajen Wilson, secretary of the State Council of Defense, by T. M. WHY AND HOW GARDEN SHOULD BE CULTIVATED

Most people have an idea that gardens are cultivated solely for the purpose of killing weeds. As a matter of fact, the killing of weeds is just one object of garden cultivation, say the specialists of the United States Department of Agriculture. The roots of plants require air just the same as do the tops, and if the ground is packed or hard or is sun-baked over the surface after a beating rain, the roots of the plants can not get air, and for that reason the plants will turn yellow, and if not cared for will die. The same thing is true where the land is poorly drained and waterlogged. The water keeps out the air and the roots cannot feed the plants.

In the larger home gardens a wheel hoe can be used to advantage.

Cultivation has another object, in that it breaks up the soil particles and makes plant food available for the feeding rootlets of the plants. Many persons, however, make the mistake of cultivating too deeply, and by so doing cut off or injure the feeding rootlets and deprive the plant of its source of nourishment and cultivation during dry weather results in the formation of a layer of fine dust which serves as a mulch or blanket to retain moisture.

The soil should always be cultivated just as soon as it is sufficiently firm, the surface bakes and the crops are injured. The same will apply where irrigation is used, and it has been found best to give the soil a thorough soaking, then cultivate as soon as it is dry enough, and apply no more water until absolutely necessary.

The hoe and the steel rake are the most important tools for cultivating the small garden. On a larger scale a wheel hoe and a horse cultivator may be used to advantage. Even where horse-drawn tools are occasionally used, the greater part of the work especially during dry weather, may be performed by means of a common steel rake. It is not necessary to go very deeply into the soil, but merely to stir the surface.

A handy little tool for loosening the soil can be made from a piece of thin board 2 inches wide and four feet long, with one end pointed down to form a handle and the opposite end provided with three No. 6 or No. 8 box nails or wire heads. This little homemade implement can be used very soon after a rain to loosen the surface so that any small seeds can break through. The wheel hoe outfits are provided with a number of different shovels and scrapers adapted for the different types of work to be performed. These implements have the advantage that one can go over the garden very rapidly and break up the surface of the soil in a comparatively short time. It is generally necessary, however, to follow with the hoe to remove any weeds that have not been destroyed by the wheel cultivator.

It should be borne in mind that the time to kill weeds is when they are just coming through the ground. If allowed to become established, it is much more difficult to get rid of them than if they are taken in time. If the top two inches of soil is kept continuously and thoroughly loosened, no serious difficulty in keeping out weeds is probable.

CONSIDERING NINE ROAD PETITIONS TODAY

There can be no discussion over the proposed road petitions today. The east and west main road running through Rushville from the Shelby to the Fayette county line, because it is the only route. The D. C. Buell petition is for the road east and the U. S. Offutt petition is for the west road, which would join on to the West Third street brick pavement. The Buell road would join the brick pavement at the East Hill Cemetery.

It is the north and south routes where the controversy will arise. Each group of petitioners represent that their route is either the shorter one or is the worst road and therefore should be paved. The Voorhees, Cavitt, Al Sharp and John P. Scott petitions all describe different routes to build the cement highway leading from Rushville to the Henry county line. The Frank McCorkle and Pete Maffett petitions follow different routes.

Petitions for roads under the old three-mile road law had to be considered by the petitioners in the order in which they were filed, but the new law provides the board may use its own discretion about which petitions shall be granted first.

Janesville Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

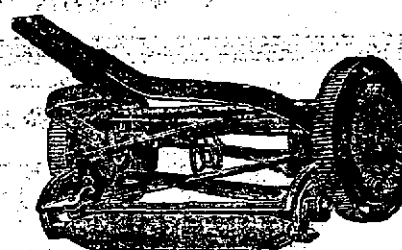

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter. Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

Inward Satisfaction Vs. Outward Evidences of Anxiety

Outward evidences which advertise the average motorists' anxieties are noticeably absent from the FRANKLIN SEDAN—radiator blanket, water thermometer, alcohol fumes, spare tires, shock absorbers. Contrast the advertised worries of other motorists with the inward satisfaction of the FRANKLIN SEDAN owner. No water to boil or freeze—17 parts incident to water cooling eliminated. Half as many tires to buy—blowouts and punctures almost unknown. More miles per day and more days per year than other motorists get. When you buy a FRANKLIN SEDAN you buy a clean bill of performance with freedom from many common worries, big and little.

Food Selection for Home.

The most important daily incident of every housekeeper's routine is the selection and preparation of food for her family. It is a tribute to her intelligence and industry if her husband goes out to his work and her children to their school well nourished and satisfied. In order to bring this about she must know something of the proper combination of foods.

The meals served every day should contain a proportion of each of the following groups of foods:

1. Fruits and vegetables. These contain mineral substances of great value.
2. Meats and meat substitutes, such as poultry, fish, beans, eggs, milk and cheese. These are the muscle and tissue building foods.
3. Starches, including bread and cereals of all kinds. Cereals come nearer to supplying nutrition than any other class of foods.
4. Sugar, including honey, molasses and other sweets. Sugar supplies the body with heat and energy.
5. Fats, such as butter and cream, lard and vegetable fats.

These classes of food are all necessary for a well-balanced diet. If each meal shows its due proportion of them, the household is on a good basis of variety and nutrition. The foods must of course be well cooked

and seasoned and appetizingly served.

The housewife who carries out these principles is doing her duty to her home and to her country.

Specializing in Agriculture.

Technical agriculture offers thousands of positions as associates, assistants, helpers, extension workers, and county agents, and this work is particularly suitable for retrained, disabled men, according to a statement issued by the Federal Board for Vocational Education today.

These positions serve as stepping stones to higher promotions and better compensation in the near future, not only in the agricultural colleges, experiment stations, agricultural extension service, and in state efforts at agriculture. These institutions and employments lost thousands of men from their student bodies, their faculty, and their staffs. Hundreds of men formerly agricultural extension workers and agricultural county agents will never return to those occupations. These places were temporarily filled by unprepared substitutes who will be replaced by trained men as rapidly as they are procurable.

The experience abroad wherein opportunity was given to study the intensive and scientific agriculture of France and other countries has greatly stimulated interest in these lines, and disabled men with a background of agricultural experience are manifesting keen interest in training for the lines mentioned. Many others who, by reason of their disabilities, are compelled to equip themselves in other lines, and preferably for out-of-door occupations, are also manifesting keen desire to take up the specialized branches of agriculture in the training offered by the Federal Board.

SIX CHILDREN DIE IN CRASH AT CROSSING

Six Others Seriously Injured When School Hack is Hit by Train Near Laporte

DRIVER ESCAPES INJURY.

Laporte, Ind., April 19.—Six children were killed and six others injured seriously, some of whom probably will die, when westbound Grand Trunk mail train No. 9 crashed into a school wagon at the John Hewman crossing, one and one-half miles east of Kingsbury, a village seven miles south of Laporte, yesterday afternoon.

The dead are:
William Schmitz, 6 years old.
Hazel Kregel, 15 years old.
Inez Mitchell, 11 years old.
Irene Wildt, 13 years old.
Winifred Condon, 14 years old.
Evelyn Harris, 12 years old.
The injured are:
Reulah Hanson, 12 years old, serious.
Gordon Harris, 8 years old, serious.
Richard Harris, 10 years old, slight.
Edna Wildt, 11 years old, leg broken.
Donald Wildt, 9 years old, leg broken.
Margaret May Bielefeldt, 7 years old, slight.

There were thirteen school children in the wagon and the only one to escape was a boy, Wilbur Condon, who was standing on the rear steps and jumped.

The wagon was driven by Mrs. Walter Johnson, who had two of her own children, 3 and 5 years old, respectively, on the driving seat. They escaped injury.

AMUSEMENTS

Comedy and Melodrama.

Bessie Love in "The Enchanted Barn," a million dollar swindle blocked by the quick wit of a beautiful and daring little stenographer shown in connection with a great comedy, "Never too Old," is the offering at the Princess theatre tonight. Monday beautiful Lila Lee in "The Secret Garden," and Burton Holmes travels will be shown. Wednesday Theda Bara in "A Woman Sins," is on the program.

Louise Glaum at Mystic

"Wedlock," featuring Louise Glaum, is the offering at the Mystic theatre tonight.

In the role of Margery Harding, Miss Glaum is seen as a young girl of noble nature, who since the death of her parents has earned her living as a telephone operator in a fashionable hotel. Here she meets Granger Hollister, the son of a multi-millionaire, who falls desperately in love with her and persuades her to consent to a secret marriage, declaring that as soon as he is of age he will announce her as his wife to the world. But young Hollister's family had their ideas for his future and when the time came to announce his engagement to Catherine Merrill and they found that he was married to a telephone operator, they drew on their millions and their influence and had their son's marriage annulled to enable him to marry into his own cast of society.

Margery, heartbroken, goes West where she slowly loses her grip on life until we again find her in charge of the switchboard in a small hotel. Here she meets and befriends a mining engineer who is also down in his luck, and he promises that if he makes his strike that half of his earnings will be hers. He finds gold, and Margery acquires not only wealth but the admiration of all about her for her charitable work. Granger Hollister, through the treachery of his wife's father, has been sentenced to a term in prison, escapes and goes West to elude the detectives. Cut off from his family, he becomes a derelict and is found by Margery in the gutter.

Realizing that he has been a creature of circumstances, and with the knowledge that she has never ceased to love him, she sets out to vindicate and save him. The working out of the tangled skeins furnishes Miss Glaum with a most exceptional vehicle, which unlike many of her former achievements, sustains the sympathy for the woman throughout the entire unfolding of the story.

HOW RHEUMATISM BEGINS

The excruciating agonies of rheumatism are usually the result of failure of the kidneys to expel poisons from the system. If the irritation of these uric acid crystals is allowed to continue, incurable bladder or kidney disease may result. Attend to it at once. Don't resort to temporary relief. The sick kidneys must be restored to health by the use of some sterling remedy which will prevent a return of the disease.

Get some GOLD MEDAL Haaren Oil Capsules immediately. They have brought back the joys of life to countless thousands of sufferers from rheumatism, lame back, lumbago, sciatica, gall stones, gravel and other affections of the kidneys, liver, stomach, bladder and allied organs.

They will attack the poisons at once, clear out the kidneys and urinary tract and the soothing healing oils and herbs will restore the inflamed tissues and organs to normal health.

All others are imitations. Ask for GOLD MEDAL and be sure the name GOLD MEDAL is on the box. Three sizes, at all good druggists.

BERLIN IS DECLARED IN A STATE OF SEIGE

Dispatches From That City Indicate That Condition Results From Strikes

GOVT. FORCES IN BRUNSWICK

(By United Press.)

Copenhagen, April 19.—Berlin has been declared in a state of seige as result of the general strike there, dispatches from that city report.

Proclamations to that effect were dropped on the city from government airplanes, it was said. The proclamations were signed personally by President Ebert.

Herr Eichorn, foreign police president and Spartan leader, was said to have attempted to escape from the city in an airplane.

He was overtaken by government machines and forced to land and is now in jail.

Government forces have occupied Brunswick, the Spartan resistance their suddenly having subsided.

Professor W. E. Jenkins will lecture Monday evening on, "The French", at the home of Miss Frances Frazee, in North Main street, before the members of the Shakespeare club and their guests.

At the regular meeting of the Mahoning Council, No 36, last evening, 50 candidates were taken into the lodge. After the class adoption a social hour followed and dainty refreshments of pie and coffee were served.

The closing day of the Glenwood school was marked by a sumptuous pitch-in dinner yesterday, which was given by the patrons of the school. In the afternoon the pupils gave a very interesting program consisting of songs and recitations.

Miss Hazel M. Warfield, daughter of Mr. and Mrs. Jacob Warfield, and John P. Davis, son of Mr. and Mrs. Charles Davis, both living near Homer, were quietly married this afternoon at the Methodist parsonage by the Rev. C. S. Black. They will reside on a farm near Homer.

Miss Edith McClung entertained three guests at a prettily appointed six o'clock dinner Wednesday evening at the Scullin House. The table was centered with a bouquet of roses and covers were laid for Miss Mary Parrish, Miss Nancy Miller, of Manilla and Miss Gladys Titworth and hostess Miss McClung.

Miss Rena Offut entertained Thursday evening a few of her friends with a pitch-in-supper at her home in East Sixth Street. The dining table was decorated with a bouquet of spring flowers and covers were laid for the following guests: Miss Martha Ruhlman, Miss Nellie Drake, Miss Vonnice Phillips and Russel Looney, Otto Moore, Earl Miller and Donald Priest. After the supper the guests motored to Shelbyville.

The teachers of the Homer school building were entertained yesterday when a number of the patrons surprised them with a pitch-in-dinner at noon, the occasion being the last day of school. In the afternoon a clever entertainment as given by the pupils. The members of the fifth and sixth grade dramatized the "Fairy Scene" of "Midsummer Night's Dream" and the third and fourth grades gave a program of recitations and songs. Miss Edith McClung of Pittsborough, Ind., was the principal of the school.

Mr. and Mrs. James Oneal entertained the U. I. Go club Thursday evening at their home southeast of the city in honor of their 39th wedding anniversary. During the evening a pitch-in supper was served the table being beautifully decorated with a centerpiece of pink and white carnations. In addition to twenty-five members of the club, the following guests enjoyed the evening: Mr. and Mrs. Earl Perkins and son, Mr. and Mrs. Cliff Stevens and son, Mr. and Mrs. Cliff Wiley and daughters, Mr. and Mrs. Edgar Logan, Elmer Perkins and Mrs. Leona Darnell.

One of the charming bridge parties given in this city this season was the one at which Mrs. Herman Tompkins and Mrs. Harry McMillin were hostesses yesterday afternoon at the home of Mrs. Tompkins in East First street. The spacious rooms were artistically decorated with yellow tulips and jonquils, the same color scheme being carried out in the score cards and refreshments. Thirteen cards tables were grouped among the rooms where the guests spent the afternoon playing bridge. At the close of the playing the hostesses served a delicious luncheon.

MARCHING ON MUNICH.

Copenhagen, April, 19—Communists defending Munich were reported today to have gathered 20,000 well armed troops. General Epps, according to Berlin dispatches today, is marching upon Munich with 30,000 government troops from Stuttgart. The population of that city has protested against removal of troops, fearing an outbreak.

ELECTED COMMISSIONER

Dr. D. Ira Lambert and Elder J. W. Hogsett represented the First Presbyterian church at the Spring meeting of the White Water Presbytery held at Connersville this week. The meeting was unusually well attended. Dr. Lambert was chosen commissioner to represent the Presbytery at the meeting of the general assembly which will be held at St. Louis, Mo., this year.

ASKS AN AGREEMENT ON PRICE REDUCTION

President Wilson Requests the Industrial Board and Railway Administration to Get Together

WORD SENT BY CABLEGRAM.

Washington, April 19.—President Wilson has requested the industrial board and railway administration to try further to reach an agreement on the price reduction program particularly as to steel and coal. This information was received in a cablegram to the industrial board.

The president directed that negotiations between the two agencies which resulted in a wide breach in the cabinet, be immediately resumed. He is understood not to have indicated his views as to which party in the controversy should prevail, but simply asked that further efforts be made to settle the dispute.

At the industrial board it was announced that conferences will be reopened with the railroad administration as soon as can be arranged by Director General Hines.

Thousands of Cases of Dyspepsia— BUT ONLY ONE PEPSINCO

PEPSINCO is the only indigestion remedy that we know—and we know lots of so called dyspepsia cures—that will almost infallibly relieve an attack of indigestion, food distress or gas. We could almost make claims that would appear impossible, so seldom does this PEPSINCO fail. But why not consider the recommendation of thousands of people who have used PEPSINCO, on the basis of their belief in it. Try it yourself; we are sure that the suggestion will appeal to you—you who suffer with indigestion or stomach faults—try PEPSINCO to-day.

Ask your druggist—he sells and recommends Pepsinco.

COLORED MEN ARE CHARGED WITH MURDER

Washington and Hancock Will be Taken to Greensburg to Answer For Killing Robbins

BOTH DENY THEY'RE GUILTY

Indianapolis, Ind., April 19.—Thomas Washington and John Hancock, both colored, held in connection with the killing of Elmer Robbins, a railroad detective at Greensburg, Ind., early Thursday morning, are charged with first degree murder in each of two affidavits filed at Greensburg yesterday by John Holcomb, prosecuting attorney for Decatur county.

Warrants were placed in the hands of the local police department yesterday and it is expected that the men will be taken back to Greensburg for arraignment in a few days. It is said they will be held without bond to await the action of the Decatur County Grand Jury, which will be called May 5.

Washington and Hancock both deny the charge that they killed Robbins, each accusing the other. However, Greensburg officers who were present when Robbins was shot say they believe Washington did the shooting.

The two men were arrested a short time after the shooting, in Beech Grove, where they were found in a box car. They were taken to Police headquarters and questioned by Detectives Rademacher and Houshian. Washington was the first to make a statement, accusing Hancock of shooting Robbins.

TO HEAR TWO SERMONS

Rushville commandery of Knights Templar will hear two sermons on Easter Sunday, tomorrow. They will meet at the asylum in the morning at ten o'clock to march in a body to the Main Street Christian church and in the afternoon at one o'clock to go to Milroy to attend special services at the Christian church.

RELY ON CONGRESS

Washington, April 19.—Drys are relying on congress to settle a one stroke the question of who will enforce both war time and constitutional prohibition, Arthur R. Dinwiddie head of the Anti-Saloon league of America announces.

(By MARY SLEETH, Librarian)

Foreign Trade.

The American flag is waving to carry our products to foreign lands—flying over a new and growing American Merchant Marine. Our goods must restock war-ravaged Europe.

South America will offer a greater market than ever before with German trade, so strong before the war, now under an overwhelming moral disadvantage. American products will win out if we know the ground.

The man who knows will succeed. American trade in South America needs students. Certain hard lessons must be learned, ignorance of which caused failure before the war. We must learn the physical and economic facts of South America: we must learn Spanish; we must learn to understand the Spanish-American temperament with its remarkable business aptitude.

The man who would know. South America must visit it. But as a preliminary, he can study books on the geography and economics of the Ten Republics. Understanding South America, by Cooper, describes the natural background, the natural resources, and the methods of doing business.

Reid's The Young Man's chances in South and Central America tells the young American farmer, teacher, dentist, surgeon, banker, journalist, what awaits him there.

Progressive Chile by Robert E. Mansfield "is a record of impressions gained from personal observations of the life and customs of the people of one of the most enlightened, progressive and interesting countries in South America".

South America, Observations and Impressions, by James Bryce is a most comprehensive work on this great country.

These books are in your Public Library and more will be bought if wanted.

EMBARKATION PORT ESTABLISHES RECORD

19,000 Men of the Remaining Units of the Rainbow Division Loaded Thursday.

FIVE SHIPS SAIL FRIDAY.

Brest, April 19.—The port of Brest established a record in troops embarkation in preparing the remaining

units of the Rainbow Division for sailing Thursday when 19,000 marched aboard six transports.

Only the 117 Ammunition train of the Rainbow division remained and they were to sail today.

Five of the ships, Missouri, Mount Vernon, Pueblo, Proconia and Huntington were enroute today. The Leviathan, delayed in coaling, was scheduled to start later.

An Aid to Voice Culture

THROUGH the instrumentality of the Cheney, the apt pupil may sit at the feet of masters of vocal music and thus learn the priceless secrets of their glorious art. The Cheney's perfect renditions of all records, giving the true tone-values of the human voice, create higher ideals and point the way to their attainment.

The CHENEY PHONOGRAPH

The Cheney brings out even the delicate tone color recorded in the disc, which is lost in the reproductions of ordinary phonographs. The very personality of the artist is revealed in the Cheney's life-like interpretations.

The cabinets are exquisite examples of period craftsmanship—both regular and art models.

Right supercedes error—truth reigns supreme, over kultur. Yes, there will be an agreement on the terms of peace. The world's necessity makes that step imperative.

There is no possible escape. It must be done. And now with those wondrous boys in khaki still returning to us, let us indeed and in truth be glad.
